

## Report of the Regional Youth Commission

The Regional Youth Commission is alive and well and filled with amazing youth and adult sponsors who lovingly share their gifts of talents and abilities so freely.

We are readying ourselves for the upcoming winter retreats with the theme "No More Zombies". The youth keynote this and do all the necessary planning. As of this date the Chi-Rho retreat will have 40+ youth and adults including the RYC.

This year Country Homes Quilting group made 19 beautiful unique stoles for the RYC and we gave those to them in a very special service.

This year also marks the graduation of many of our RYC leaving only 3 who have served in the past.

Special thank you to Amber and all her hard work in helping us with registrations and mailings.

Respectfully submitted,

Dawn Marie Turner
